STANDARD IN QUALITY AND REPUTATION.

CREATE THEIR OWN DEMAND.

If you are not already a customer give our goods a trial.  
Results will speak for themselves. We sell

Right Goods at Right Prices.

Our Prices are for Delivery F. O. B. Cars, Cleveland, subject to  
the following:

TERMS—Cash with order; except houses of approved credit  
bills will be payable first of month following date of ship-  
ment.

GRASS seeds, clover, field seeds, onion sets, potatoes, bird  
seed, implements, mushroom spawn and fertilizers are net  
cash.

CHARGE FOR PACKING, CARTAGE, ETC.—We make no  
charge for boxes, barrels, packing or cartage. Bags are  
charged at cost.

NON-WARRANTY—We give no warranty, express or implied,  
as to description, quality, productiveness or any other matter  
of any seeds, bulbs or plants we send out, and will not be in  
any way responsible for the crop. If the purchaser does not  
accept the goods on these terms, they are at once to be  
returned.

BUYERS—In placing your orders for seeds if pays to buy  
from dealers who have had experience in gardening as  
well as in selling seed. We know your wants and sell  
only Tested Seeds.

TELEGRAPH CODE—In sending orders by telegraph you will  
save expense by using the code of the American Seed Trade  
Association. Our Cable address is TILTON, CLEVELAND.

SHORT CROPS—On account of the failure of many crops, due  
to bad weather, during the past season, we reserve the right to  
decline orders for any varieties, notably Beans, Peas, Sweet  
Corn and Vine Seeds in case our stocks are low or prices have  
advanced.

IT IS UNDERSTOOD THAT THIS LIST IS INTENDED  
FOR DEALERS ONLY.

# Make a Handsome Lawn

**THE DAYS OF USING SOD ARE OVER**

## Tilton's "Cleveland Parks" Lawn Seed

A pure, clean, heavy mixture of the best varieties of grass that are adapted to produce a compact sod, as soft as velvet, and as green "as the shores of old Erin."

### Has a Reputation Absolutely Its Own

Tilton's "Cleveland Parks" Lawn Seed will produce a close, velvety turf in a few weeks' time. No better mixture offered anywhere. Cleveland Parks and Private Lawns noted all over the world are sown with it.

1 lb. pkgs. ....20c      1 bus. 18 lbs. ....\$3.00

To those who have never used this mixture of grass seed, we want to make the point more clear that there's more deception practiced in the sale of Lawn Seed, than in any other class of seed sold.

It is true that you can buy lawn seed at any price, but the best is the only kind that's cheap; we know you cannot afford to throw your time and money away experimenting with seed of questionable quality, and we are frank to tell you—GET THE BEST; it costs but little more to begin with, but the results are the kind you are looking for.

### Choice Mixed Lawn Seed

**A Good Mixture at a Low Price.**

# BUG DEATH

The best Bug Killer on the market. It is non-poisonous. Prevents Blight. Produces better quality.

Is a very fine, tenacious powder and can be applied dry, just as it comes from the package, or it can be mixed with water and sprayed on the vines. Put up in neat and attractive packages and retails as follows:

Pat. March 16 and New 9, 1899.

## WHAT BUG DEATH WILL DO

Bug Death will kill the potato, squash and cucumber bugs, currant, gooseberry and tomato worms, and all bugs and worms that chew the leaves of plants, trees and vines.

Bug Death when applied liberally prevents blight (rust). Excellent results are obtained by the addition of Bordeaux mixture, and we strongly recommend its use.

Bug Death can be applied dry just as it comes from the original package, or it can be mixed with water and sprayed on the vines with any sprayer fitted with an agitator and adapted for that purpose.

We ask all who have not given it a trial to do so. Follow directions and you will find it of great value, not only as an insecticide but as a plant food.

Insist on having Bug Death. Do not take an inferior article because your merchant tells you it is just as good.

Bug Death kills the bugs and feeds the plant. The increased yield pays all cost.

**We are Jobbers and Manufacturers' Distributors of Bug Death for the Central and Western States**
